Re: April 28, 2004 letter, USDC-PA Civil Action  
No. 01-CV-00817 Medical Records

Dear Mr. John J. Falter:

Please allow this correspondence direct you to the Courts Order which directed the release of any and all medical records connected with my Hep C treatment.

As in the Confidential Administrative Disposer Individual Treatment Plan 1-3-19-2000, I am sure does not contain any Hep C treatment plan. And to release any information thereof that is not directly involved to Hep C treatment is a violation of the Courts Order

If the information in the file is used as a classification tool to determine security level and programming needs, having nothing to do with Hep C treatment. It appears your determining in a subjective way what is psychological data correct with Hep C, if it is not related to Hep C treatment (1) you have no authority to release it (2) you were not authorized by me to release any confidential records (3) the court ordered on records that dealt with Hep C records. And the court and I were very specific about what is to be released.

As there is no supplemental record to Smith Hep C treatment, and the record that you released violates the authorization court order and privacy act, and the release is not acceptable.

Also please be advised Center for Human Disease WPMC Field Clinic, 3rd Floor, 3601 5th Ave, Pgh, Pa. 15213 (412) 647-1170 Dr. Markham Laboratory one of the foremost liver specialists, reviews all medical record contained in Smiths Hep C medical record, for reasons to diagnose and set a treatment for current condition resulting from the disease in which Smith Hep C was treated while at

after the evaluation, I am requested  
that this be file a report.

Respectfully Submitted
